ORCID

Dear Ana Mladenovic,

Thank you for creating your ORCID identifier. Please verify your email address to complete your registration and gain access to manually edit your record: click the following link and sign into your ORCID record. If you can't click the link, copy and paste it into your browser's address bar.

[Verify your email address](#)

<https://orcid.org/verify-email/U3d2MUJZUHFDUKVPVZCSmpoTzlaN1FzeG81MjNldHRDVFE5MWJZdmV4NUw4RE1lVWJZaEcvQkpGa1p0M1ZaYQ?lang=en>

Your 16-digit ORCID identifier is 0000-0001-9571-1574, and your full ORCID iD and the link to your public record is <https://orcid.org/0000-0001-9571-1574>

Next steps:

1. Add more information to your ORCID Record

Access your ORCID record at <https://orcid.org/my-orcid> and add more information to your record. If you haven't already done so, we strongly recommend that you add more than one email address to your account, since our system checks names and email addresses to prevent the creation of duplicate records.

Funders, publishers, universities, and others use the information contained in your ORCID record to help reduce the record-keeping they ask from you. Increase the information you can share by adding other names you are known by, professional information such as your affiliation, biography, and keywords, funding you have received, and works you have created or contributed to your record.

See our tips for six things to do now that you have an ORCID iD. For tips on adding information to your ORCID record see: <https://support.orcid.org/hc/articles/360006896894>

2. Use your ORCID iD when publishing, applying for grants, and more

Пријава у сервис Мој COBISS

The screenshot displays the COBISS+ website interface. At the top, there is a dark blue navigation bar with the COBISS+ logo on the left and several menu items: 'Претраживање' (Search), 'Мој COBISS' (My COBISS), 'Графичка тема' (Graphic theme), 'Помоћ' (Help), and 'Обавештења' (Notifications). A dropdown menu is open under 'Мој COBISS', showing options for 'Пријава' (Login) and 'Упис преко интернета' (Registration via internet).

The main content area features a large background image of a library with white bookshelves. In the center, the COBISS+ logo is displayed. Below the logo, there are two search options: 'Изборно претраживање' (Basic search) and 'Командно претраживање' (Advanced search).

The search interface includes a search bar with the text 'претражи књигу, часопис, DVD...' and a dropdown menu set to '* сва грађа (+ е-извори)'. A 'ПРЕТРАЖИ' (SEARCH) button is located to the right of the search bar. Below the search bar, there is a field for 'Библиотеке' (Libraries) with the text 'СВЕ БИБЛИОТЕКЕ или упишите акроним, назив, одељење или место библиотеке'.

Below the search fields, there is a quote: *“ Потражи грађу у заједничком каталогу српских библиотека. COBISS+ је намењен свима: истраживачима, ученицима, студентима, родитељима, професорима, пензионерима... Више информација... ”*

Below the quote, there is a text box stating: 'Данас, податке уноси 217 српских библиотека: 2.018.112 књига, 1.057.100 чланака, 77.042 часописа, 17.833 CD-ова/DVD-ова ...'

At the bottom, there are two links: 'Списак свих библиотека' (List of all libraries) and 'Остале базе података' (Other data bases).

Евалуација научног рада

- Од шездесетих година прошлог века у евалуацији научног рада преовлађују **квантитативни критеријуми** (цитатне базе и индекси...)
- Интернет доводи до **веће доступности** цитатних база
- Крајем 2004. године појављују се две нове цитатне базе:
 - **Scopus** (комерцијална, издавачка кућа Elsevier)
 - **Google Scholar** (некомерцијална, компанија Google)

Google Scholar

- Google Scholar је претраживач научне литературе у електронском облику која се налази на интернету (публикована од стране академских издавача, стручних друштава, универзитета, ...) или у репозиторијумима са отвореним приступом. С обзиром на начин рада, Google Scholar не представља класичну библиографску и цитатну базу, већ претраживач научне литературе основан у оквиру компаније Google.
- Исту референцу можемо наћи у више верзија, тако да Google Scholar не може бити једини извор за евалуацију научног рада, али је веома користан као допуна у изради цитатне анализе.
- Истраживачи могу да креирају Google Scholar профил уколико имају публикације индексиране у Google Scholar цитатној бази. Профилна страна аутора обухвата податке о публикацијама, личне податке и библиометријске податке, укључујући h-индекс.

- Креирањем профила запослени на Универзитетима знатно доприносе **видљивости Универзитета на ранг листама, али и својој личној видљивости као научника и истраживача**
- Важан предуслов - **активан Google мејл, тј. Gmail налог**
- Иницијално прављење Google Scholar профила
- Уређивање профила (My profile)
- **Profile:** име и презиме како се потписујемо на радовима, радно место - звање, обавезно додати и **Универзитет са ког долазимо**, пожељно институционални мејл, подручје рада, службену страницу
